

"Technology Leadership"

- Flat, flexible ZIF cables
- Industry-standard mating connectors
- Gold plated options for optimal performance
- Shielding for EMI/RFI protection

"The Safe Choice"

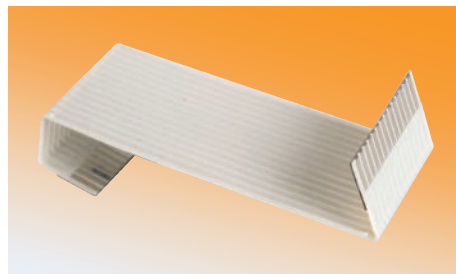

- Reliable connection method for multiple PCBs
- Proven results in medical and industrial equipment
- RoHS, REACH compliant and UL rated
- Rapid prototyping

Parlex Flexible Interconnects with Zero Insertion Force Connectors

Ease of assembly

Folding, bending and creasing options

Parlex custom length cables offer multiple spacing, wide range of conductor counts, and a variety of termination and locking options
